ABOUT ME

MCA Cybersecurity student with hands-on experience developing security-focused applications and practicing cybersecurity tools in lab environments. Familiar with Kali Linux, Nmap, Burp Suite, Metasploit, and Nessus, with additional learning in Wireshark, StegSolve, and HashCalc. Developed security projects involving phishing detection, secure authentication, password hashing, brute-force protection, URL analysis, and threat intelligence. Interested in cybersecurity, vulnerability analysis, ethical hacking, and security operations, with a strong willingness to develop practical networking and security skills.

PROJECTS

CyberPath — Cybersecurity Awareness & Training App

Kotlin | Firebase | Firestore | Retrofit | Google Safe Browsing API

- Developed an Android app for cybersecurity awareness, practical learning, quizzes, and daily security news.
- Implemented Firebase Authentication, Firestore, URL safety analysis, and phishing-awareness modules.
- Integrated Google Safe Browsing API for URL analysis.

Phishing Detection System – Python | Flask | VirusTotal API

- Developed a system to detect phishing URLs using rule-based analysis and VirusTotal threat intelligence.
- Identified suspicious and potentially malicious websites.

Secure Login System – Python | Flask | SQLite | bcrypt

- Developed a secure authentication system with bcrypt password hashing.
- Implemented session management and brute-force protection.

SKILLS

- Security Tools: Kali Linux, Nmap, Burp Suite, Metasploit, Nessus
- Cybersecurity: Cybersecurity Fundamentals, Web Security, Phishing Detection, Secure Authentication, Password Security, Vulnerability Analysis, Threat Analysis
- Currently Learning: Wireshark, StegSolve, HashCalc
- Databases: MySQL, SQLite, Firebase Firestore
- Tools: Git, GitHub, VS Code
- Soft Skill: Teamwork, Collaboration, Leadership, Time Managememnt, Adaptability & Flexibility

EDUCATION

- MCA in Cybersecurity, Ganpat University, Sep 2025–27, Pursuing
- BCA , Bhagwan Mahavir University, Jan 2022–25, CGPA : 7.27
- 12th Science(PCM), Allahabad Public School, May 2022, Percentage: 60.40
- 10th, SNMP Inter College, Mar 2020, Percentage: 73.16

CERTIFICATION

- Certificate of Appreciation – Sci-Faire Art Exhibition.
- Industrial Visit & Workshop – “Unlocking the Future: IT & AI Industry” .
- Research Conclave 2025 – “Zero Trust Security Model” .
- International Conference Participation (COMS² 2025).

LANGUAGE SKILLS :- Hindi , English (intermediate)
